

Notes for restocking your supplies-

- **Your patient is billed for the supplies. Only take what you truly used for that patient.**
- You must enter the MRN (hospital number) into the machine.
- You must enter your agency.
- Instructions are on the side of the machine
- If obtaining an item in a cabinet (c-collar, BVM), it will ask how many items are taken.
- You can make up to 3 withdrawals on one entry and then you will have to reenter the MRN/start over.
- If you emergently need supplies due to low stock/refusals, you can ask the charge nurse for additional supplies. Otherwise, you will need to restock at your station.
- If you have any questions, please call an EMS supervisor.
